WHY BENNETT?

The Pacific eNVy Delivers the Lowest Total Cost of Ownership.

60% POWER SAVINGS.

Bennett's X19 Electronics draw only 2AMPS of power and provide a 60% power savings versus the competition.

REDUCED MAINTENANCE COSTS.

Bennett's SB100 meter is the industry's most accurate meter, providing station owners with peace-of-mind and years of trouble-free performance.

The Pacific eNVy's Grade Select Buttons are the industry's only stainless steel buttons with no moving parts which make them virtually indestructible.

All display panels use hardened polycarbonate sacrificial lenses providing increased protection and longevity.

5-YEAR LIMITED WARRANTY

In addition to the full two year bumper-to-bumper limited warranty, Bennett covers many of the most critical components for a full 5 years.

*Note: Competitive content derived from most current available published information. Bennett makes no guarantee pertaining to the accuracy or availability of competitive information.

NFC OPTION

NFC Reader for any NFC enabled payment card and mobile payment.

What is NFC?

NFC (Near-Field Communication) contactless payment works through a set of communication protocols that allow NFC readers and NFC-enabled for contactless communication. NFC-enabled devices include mobile payment apps such as Android Pay, Apple Pay and any NFC enabled payment card Visa® payWave, MasterCard® paypass™, etc.
