

# WAYNE OVATION™<sup>2</sup>

Wayne is pleased to announce discounts for Liberty Petroleum locations available through December 1, 2020. Additional discounts are available for Wayne Helix and Select fuel dispensers. Please contact your local Wayne Authorized Distributor for more information on pricing and local requirements.

The base model pricing for Wayne Ovation™<sup>2</sup> fuel dispensers includes the EMV ready Wayne iX Pay secure payment platform, EMV hybrid card reader, electromechanical totalizers by product, speaker, junction box, valance, 10.4" color VGA screen with inOvation TV, media speaker, Wayne Connect and shipping. This provides the latest security standards with maximum performance, and is the platform for cost effective upgrades to future payment technologies.

### IXPAY SECURE PAYMENT PLATFORM with SPM KEYPAD

- Enhanced Security with device authentication, encrypted data links and secure prompts
- Adaptive Functionality Mode to reduce downtime from tampering
- Remote Key Injections to reduce costs and downtime

### EMV HYBRID CHIP CARD READER

- Highest Security Protections with chip and mag stripe encryption to prevent tampering
- LED Security Status Indicator visible to identify reader security
- Patented Mag Stripe Only Mode disables chip reader until EMV enabled
- Remote Key Injections to reduce costs and downtime

### InOvationTV MEDIA PLATFORM

- Drive Inside Sales with custom dayparted retail ads produced by GSTV
- Enhanced Customer Experience with synchronized media across all fueling points
- 6 Year Plus Warranty on all media components including iX Payment Platform with no annual fees

### WAYNE CONNECT™ IP-485® NETWORK SOLUTION

- Long Distance Capabilities - TCP/IP connectivity over existing wiring reliable to 600'
- Cost Savings vs pulling new wire, breaking concrete, one module per dispenser, one in-store server
- Enables Media and Remote Monitoring - for media, iSense, and ample bandwidth for EMV payment transactions

### WAYNE TAP™ CONTACTLESS / NFC READER

- Alternative Mobile Payments Support multiple forms of contactless
- EMV-Ready supports current mag stripe and EMV contactless protocols
- Faster Transaction Speed by eliminating card swipes and chip reads

### WAYNE XFLO™ FUEL METER

- Stop Meter Drift with spindle design, maintains accuracy, less mechanical wear
- Faster Flow Rates (up to 20%) with no other changes
- Four Year Calibration Warranty

### SMART SECURE ACCESS

- Dispenser Secure Access module integrates electronic bezel door sensors with Wayne iGEM software to provide audible alerts and dispenser offline messages to the POS, preventing unauthorized access by shutting down the dispenser.

### E85 COMPATIBILITY (PRICE INCLUDES XFLO METERS)

### OPTIONAL STANDARD VALANCE

### INTERCOM CALL BUTTON + IN COLUMN SPEAKER

### DUAL PRICE POSTING

### EMT TOTALIZERS PER PRODUCT
